TECHNICAL SKILLS

SQL

Git

Python

Vs code

Github

Tableau

SQL Database

Good communication

Team work

PowerBi

Advanced Excel

Python

Problem solving

Scikit learn

Critical thinking

Pytorch

TensorFlow

EDUCATION

Master's Data Analytics and Artificial Intelligence

Hong Kong Baptist University

B.SC Statistics

Nnamdi Azikiwe University

WORK EXPERIENCE

AI Engineer

Keweya, Hongkong, China

09/2023 - 04/2023

Achievements/Tasks

- Developed machine learning models for various applications including predictive analytics, recommender systems, and computer vision.
- Implemented scalable and efficient applications using scikit-learn, PyTorch, TensorFlow, and NLTK.
- Collaborated with cross-functional teams to understand business requirements and translate them into technical solutions.

Data scientist Intern

RH Studio Hongkong, China

06/2022 - 01/2023

Achievements/Tasks

- Compiled and processed third-party data for quotation generation
- Coordinated integration into an existing web application using Tableau, MySQL, Seaborn, and Pandas
- Create ad-hoc reports for management

WORK EXPERIENCE

Fibre optics osp site assistant project manager

Huawei Technologies Ltd

01/2014 - 08/2018

Achievements/Tasks

- Managed fiber activities, ensuring compliance with customer specifications
- Prepared daily job progress reports and advised the project manager on design variations
- Ensure sub-contractors comply with environmental specifications

TECHNICAL PROJECTS

Machine Learning Model Deployment

- Built a machine learning model with random forest algorithm
- Optimized model accuracy to 87%
- Deployed model to Microsoft cloud via Azure
- **Link to project:** <https://medium.com/p/79505e0e3bda/edit>

ETL Process in SSIS

- Configured MySQL database server for ETL process
- Implemented ETL using SSIS and advanced Excel
- **Link to project:** <https://medium.com/gitconnected/how-to-create-etl-process-in-ssis-9667699d38eb>

CERTIFICATES

Tableau Desktop Specialist

Oracle Certified Associate 11g (06/2012 - 04/2023)

Microsoft Certified: Azure Data Engineer Associate(in view)

Microsoft Certified: Azure Fundamentals

Full time immersive Data Science/Machine learning bootcamp Xccelerate

Google Analytics Individual Certification

Machine Learning Coursera
